

Ohio Chemical Dependency Professionals Board

FY2013 Credentialing Report

(July 1, 2012 – June 30, 2013)

This report highlights the following functions completed by the Ohio Chemical Dependency Professionals Board in Fiscal Year 2013:

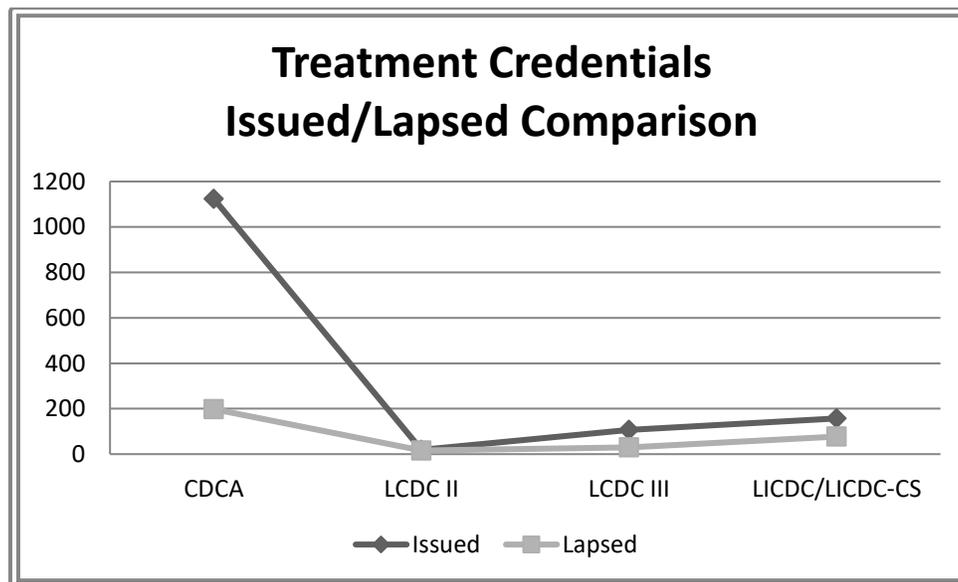

- Credentials Issues & Lapsed
- Examinations Administered
- Ethics Complaints Received and Processed

Credentials Issued & Lapsed

In FY2013 the Board issued 1,540 new credentials. The Board additionally saw 523 credentials lapse. Below are breakdowns by credential type:

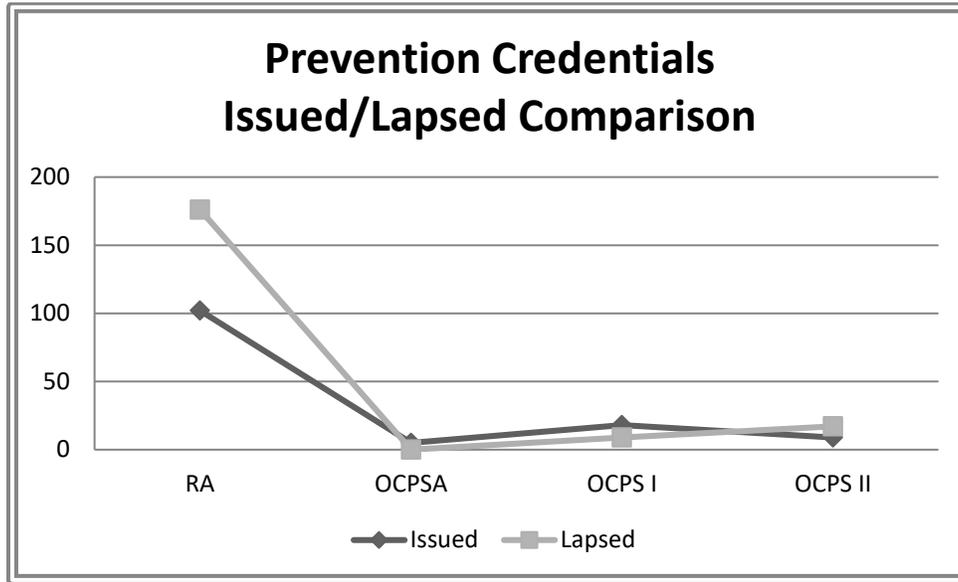

Treatment Credentials:

	<u>CDCA</u>	<u>LCDC II</u>	<u>LCDC III</u>	<u>LICDC/LICDC-CS</u>
Issued	1124	19	106	157
Lapsed	198	16	30	77

Prevention Credentials:

	<u>RA</u>	<u>OCPSA</u>	<u>OCPS I</u>	<u>OCPS II</u>
Issued	102	5	18	9
Lapsed	176	0	9	17

Examinations Administered

In FY2013 the Board had 228 applicants take an examination. The following is a breakdown by exam type:

ADC Exam (For LCDC II, LCDC III and LICDC):

	<u>Total Candidates</u>	<u>Passing</u>	<u>Failing</u>	<u>% Passing</u>
Ohio:	174	141	33	81%
National:	4665	3283	1382	70%

CS Exam (For LICDC-CS):

	<u>Total Candidates</u>	<u>Passing</u>	<u>Failing</u>	<u>% Passing</u>
Ohio	23	19	4	83%
National	278	217	61	78%

PS Exam (For OCPS I and OCPS II):

	<u>Total Candidates</u>	<u>Passing</u>	<u>Failing</u>	<u>% Passing</u>
Ohio	31	25	6	81%
National	343	277	66	81%

Ethics Complaints Received & Processed

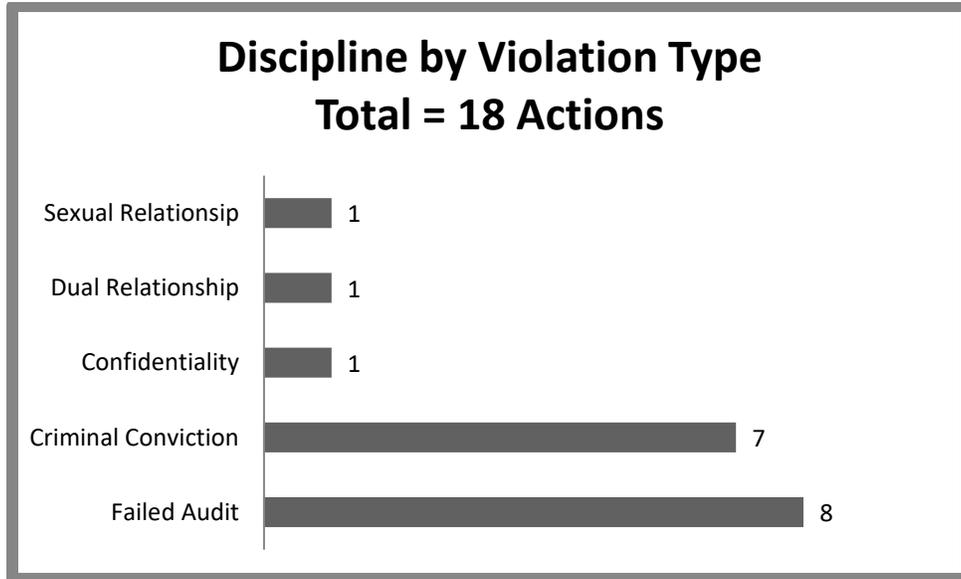

In FY2013 the Board received 88 Ethics Complaints. The following is a breakdown of case outcomes:

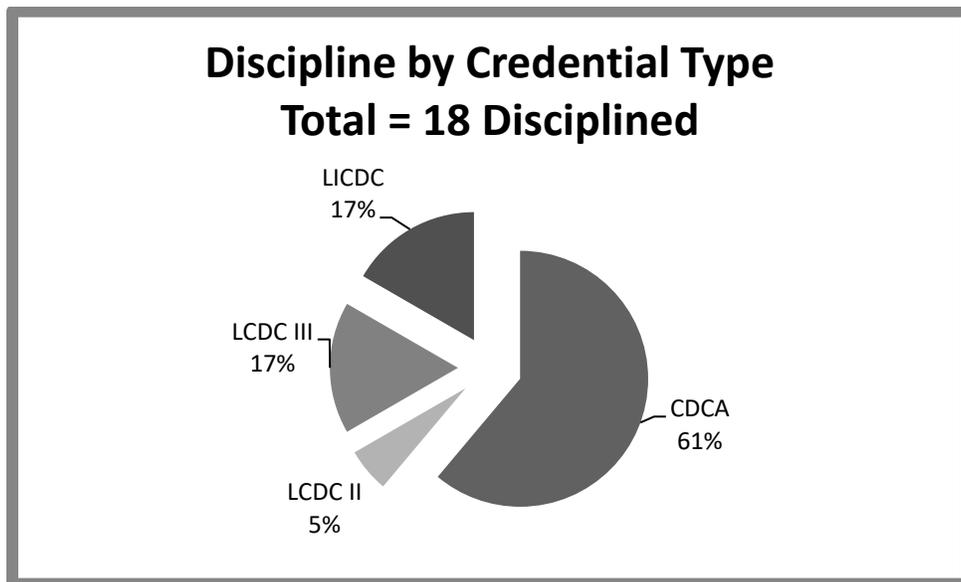

This report reflects a higher than average number of outstanding pending cases for FY2013. This is due to a backlog of cases from the prior fiscal year which staff is working to address. The status of these remaining 39 pending cases is as follows:

- 8 cases ready for Board Action
- 3 cases being prepped for Board Action
- 8 cases under investigation
- 20 cases waiting to be investigated (timelines to complete these in FY2014 have been established)

Of the 18 cases in which discipline was taken, the following is a breakdown of ethical code violations and credential types:

This does not reflect a typical year of violations due to the backlog of cases from FY2012. Additionally, the Board anticipated a higher number of failed audit violations due to a change in the renewal application process.

The Board will be monitoring CDCA discipline rates in FY2014 to determine if recent changes made to the certification requirements help to decrease violations by this credential type.
