

**Treatment Committee Meeting
June 21, 2019
Minutes**

Members Present: John Lisy, Andrew Moss

Others Present: Jill Smock, Executive Director, Two Columbus State Community College student observers, Olivia V, and Lisa P.

Call to order: 1:05

Approval of Minutes

J. Lisy motioned to approve the 3/22.19 minutes A. Moss second the motion. The minutes were approved to be signed by Wendy.

Director Updates

The Treatment Rules Final Filing were not filed due to timing of transition between Directors. J. Smock is scheduled for the RAS filing system training and will begin to facilitate the process with CSI and JCAAR which includes a business impact analysis.

Committee Membership

J. Lisy proposed that membership from appropriate State agencies be solicited. He suggested a representative from OCCAR (Sarah Thompson), Ohio Council (Teresa Lampel), OhioMHAS, OARP, OAADAC (Renard /Akron). Need final decision in regard to how many Board Members can sit on a committee and to ok the membership of those who would like to be on the committee.

IC&RC Domain Changes

The Committee recommends the Board adopt the 4 domains adopted by IC&RC. The Committee further recommended that the hours of the domains not be subdivided in the 12 core functions. The Committee reviewed the alignment and recommended alignment with the national standards.

CDCA

Clinical Supervision Recommendations are posted on the website. A.Moss expressed interesting in gathering data and evaluating how the CDCA Supervision rule impacts the field, in particular the ethic complaints /grievances filed and violations. It was agreed to add to the Workplan of this Committee.

Also discussed cleaning up the language referring to the CDCA P (I) and CDCA (II) , the education hours and time restraints. Consult with Education Committee to propose rule change.

Reciprocity

J. Lisy suggested looking at the test we accept, and can we expand to other tests such as the NCC AP. J. Smock will confer with our AAG on using other tests besides the IC&RC tests.

How can we streamlining the licensure process for people coming in from out of state i.e. is their test accepted, can we vet the test, look at how many other states accept the test.

Create a rationale for what test we would accept. Look at the ADC Advance test; we don't do the Master level test we they might not be able to transfer to another State .

Look at website in regard to reciprocity. It should be clear on what it is and isn't; not all licenses are reciprocal at the same level. Make sure the language isn't misleading

Review Work Plan Items

Discussed archiving the work plans with completed work and revising a New Work Plan for work going forward. J. Lisy will update the workplans.

Adjourn: 2:55

J. Lisy Committee Chair

Nancy Hayes Prull Board Chair
